

ACTION TAKEN REPORT ON FEEDBACK ANALYSIS (AY 2018-19)

The suggestions received through the feedback shall be promptly communicated to the University of Mumbai. Feedback on the curriculum was sought and received from the major stakeholders' students, teachers, parents, alumni. The spectrum of parameters used to obtain the feedback was chosen carefully so that an analysis of the same would reveal the strengths of the curriculum, which could be built upon, and also the weaknesses for remedial measures to be instituted.

The parameters chosen allowed both the generic and discipline-specific characteristics of the curriculum to be assessed.

The findings from the analysis of stakeholder feedback on curriculum have been communicated to the Management, CDC and IQAC.
