ACTION TAKEN REPORT ON FEEDBACK ANALYSIS (AY 2022-23)

The University of Mumbai will be promptly informed of the feedback suggestions received. Valuable feedback on the curriculum was actively sought and gathered from major stakeholders, including students, teachers, parents, and alumni. The careful selection of parameters used to collect this feedback aimed at enabling an analysis that would not only highlight the strengths of the curriculum for further enhancement but also identify weaknesses, prompting the implementation of remedial measures.

These meticulously chosen parameters allowed for an assessment of both the generic and discipline-specific characteristics of the curriculum. The results of the analysis of stakeholder feedback on the curriculum have been communicated to the Management, CDC, and IQAC.

The subsequent steps involved a thorough analysis of the identified gaps, followed by the implementation of necessary actions.
