ANNUAL CULTURAL REPORT

AY 2021-2022

INTRODUCTION

Owing to the Covid pandemic, which has forced colleges and universities across the country to close, instruction has changed significantly with the rise of e-learning, which allows learning to be done virtually and on computers. Despite this, Shree L.R. Tiwari Degree School of Expressions, Business, and Science has organized many events and online courses, some of which were celebratory such as word zone, 54 youth festival, colloquy, and many more.

OBJECTIVES OF THE EVENT

Events at academic colleges are planned to bring the college students' latent talents to light. Here is where students can display their artistic abilities. Finding out about their abilities and talent is helpful. Cultural events feature contests for instruments, vocals, dancing, etc. Improve students' educational experiences. This could involve conveying knowledge and enhancing students' comprehension of a particular subject through lectures, workshops, seminars, or webinars. Events between colleges Encourage communication and cooperation between instructors and students at various colleges and universities so that ideas, expertise, and experiences can be shared. Give students a venue to demonstrate their academic abilities and expertise, for example, by holding symposia, research presentations, or contests.
