The students from all the different streams understood the event well and found it very useful. A lot of them even questions were asked by principal sir and the judges as well, this helped the participants in understanding various aspects of their own Business plans.

The term Entrepreneurship is defined by the willingness to take risks, plan, streamline, organize and manage a new business venture in ever evolving and competitive global marketplace.

The event helped the students in understanding how Entrepreneurship is also a career opportunity for them. Overall it was a very Motivating and knowledgeable session as other students also got inspired to think about their own Business plans.
