Seminar Report

Seminar On: Intestinal Health & Probiotics

Speaker : Ms. Sneha Panchal, Science Executive , Yakult.

Date: 26/06/2019

Venue: Shree L.R.Tiwari Degree College Of Arts, Commerce & Science, Seminar Hall.

A seminar on Intestinal health and Probiotics was held by Shree L.R.Tiwari College of Arts, Commerce and Science in association with Yakult Danone India. The term 'Health' is a positive and dynamic concept. The World Health Organization (WHO) has defined health as, "a state of complete physical, mental and social well-being and not merely the absence of disease or illness or infirmity."

As a pioneer in Probiotics, "YAKULT" has formidable research capabilities and product technologies in the field of Probiotics. Yakult Danone India is working actively to build awareness about Probiotics and contribute to a healthier society. The session was conducted by Ms. Sneha Panchal from the Department of Science, Yakult. She explained the importance of healthy intestine and the role it plays in boosting the immunity of our body. She made the students aware of the fact that 70% of our body's immunity comes from our intestine.

Mr. Masaaki Isobe, General Manager (West India), Yakult Danone India and Mr. Yoh Hiraoka, Chief Manager, Home Delivery Department, Yakult Delhi were also present for the seminar. Many essential facts were highlighted by the speaker putting light on how "Yakult" helps us maintain intestinal health.

Mrs. Krishna Tiwari, Joint Secretary, Shree Rahul Education Society, graced the event with her visit. The seminar was co-ordinated by Mrs. Rutika Malik and was a hit among the students. All the attendees were given a bottle of Yakult at the end of the seminar.
