Report of the BMS and BBI Department Webinar on Leading Change through Effective Leadership

- *E-Learning through Google Meet as it is an emerging methodology of modern education.*

Date: 8th September, 2021

The coronavirus pandemic has resulted in the closure of schools and colleges across the country. Education has changed dramatically over the last two months, with a considerable rise of e-learning, whereby teaching is executed remotely and on digital platforms.

With the view of the situation and continuation of learning, Shree L.R. Tiwari Degree College of Arts, Commerce and Science had organized a Webinar Named “Leading Change through Effective Leadership”. This event was organised by the Department of BMS and BBI.

Prof. Anil Gopale gave the official vote of thanks and the webinar ended at 1:45 PM.

- Increased Students confidence and self-esteem.
- Help to improve students rigorous higher-order and critical thinking skills.
- Developing effective speech.
- Helped in Encouraging teamwork.

Feedback Analysis

In this situation of a global health crisis, the virtual system of learning has proved its merits. As the technology advances, this system is here to stay. But, accepting the virtual method doesn't mean rejecting the traditional classroom pedagogy, the convenience and low-cost model of virtual learning.

The virtual learning and classroom lessons have their own importance. In these times of pandemic, virtual learning is more important so that the education of students is not hindered.. They are able to learn new skills and upgrading themselves. Thus, both forms of teachings have their own place.
