Venue: College Auditorium.

Speakers:

Dr. Deshmukh Manish Madhav

Assistant Professor, Head, Department of Commerce, Sonopant Dandekar Arts College S Apte Commerce and, M H Mehta Science College, Palghar.

Dr. Sapna B Jadhav

Assistant Professor, Department of Physics, Sonopant Dandekar Arts College S Apte Commerce and, M H Mehta Science College, Palghar.

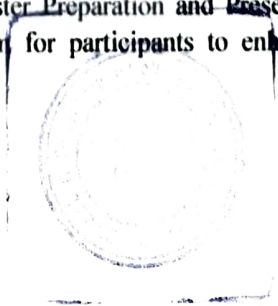

The Research, Innovation, Incubation & IPR Cell in Association with IIC organised a workshop on Poster Preparation and Presentation was organised 18th Aavishkar Research Convention, held on 22nd August 2023, focused on the critical skill required for poster preparation and presentation in the realm of research and academia. The event aimed to equip participants with the necessary knowledge and skills to create effective research posters and deliver compelling presentations. The speakers for the event were Dr. Deshmukh Manish Madhav and Dr. Sapna B Jadhav.

Introduction of Guest: The introduction of the guest speakers was conducted by Asst. Prof. Moumita Nath. She provided an overview of Dr. Deshmukh Manish Madhav and Dr. Sapna B Jadhav's achievements and contributions to their respective fields. This introduction helped participants understand the expertise the speakers brought to the event.

Dr. Deshmukh Manish Madhav, an esteemed expert in the field of visual communication and research presentation, shared his insights into creating visually appealing and informative posters. He discussed the importance of layout, design principles, and visual hierarchy in conveying research information effectively. Dr. Madhav's session was highly interactive, with practical tips and real-world examples.

Dr. Sapna B Jadhav, a renowned researcher with vast experience in presenting her work at various international conferences, provided valuable guidance on delivering impactful presentations. She emphasized the significance of clear and concise content, confident body language, and engaging storytelling techniques. Dr. Jadhav's session inspired participants to enhance their presentation skills.

The 18th Aavishkar event on "Poster Preparation and Presentation" proved to be a highly informative and engaging platform for participants to enhance their skills in effectively

communicating their research. The insights shared by Dr. Deshmukh Manish Madhav and Dr. Sapna B Jadhav, along with the guidance provided by the Mentors and event coordinators, contributed to the success of the event. Attendees left the event with improved knowledge on creating impactful posters and delivering compelling presentations in the academic and research domains.

Objective of the Event:

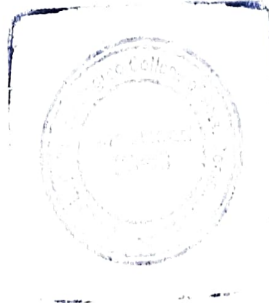

1. Encouraging students to think creatively and come up with innovative solutions to real-world problems.
2. Providing students with a platform to engage in research activities and learn about the research process.
3. Allowing students to communicate their ideas effectively through presentations, posters, or demonstrations.
4. Boosting students' confidence by showcasing their work in front of peers, educators, and sometimes even industry professionals.
5. Encouraging students to analyse problems critically and develop solutions that address specific challenges.

Outcome of the Event:

1. Students may come up with new and innovative solutions to problems in fields such as science, technology, engineering, social sciences, and more.
2. Students can gain experience in conducting research, which involves literature review, data collection, analysis, and drawing conclusions.
3. Presenting their projects to judges and peers can help students improve their public speaking and presentation skills.
4. Winning or performing well in an "Avishkar" event can lead to recognition within the school, community, or even at a broader level, depending on the scale of the competition.
5. Participating in such events can spark interest in students to pursue further studies or careers in fields related to science, technology, innovation, and research.
