Report

The coronavirus pandemic has resulted in the closure of schools and colleges across the country. Education has changed dramatically over the last two months, with a considerable rise of e-learning, whereby teaching is executed remotely and on digital platforms.

With the view of the situation and continuation of learning, Shree L.R. Tiwari Degree College of Arts, Commerce and Science had organized an Python with Artificial Intelligence webinar. Many students from Bsc(I.T) and Bsc(C.S) department courses attended the webinar to increase their knowledge. Today industry is moving towards transformation in Artificial Intelligence this seminar help students to tie themselves with recent technology with our special guest of the day **Mr.Maneesh Jha (Director SQUAD)**.The webinar was attended by more than 120 students The event started with Saraswati Vandana. The event proceeded by welcome speech by **Asst.Prof Rutika Malik** .She introduced the guest speaker of the day. The **Ms.Shama Labbay** spoke about the Artificial Intelligence importance. She gave brief idea on How to make career in Artificial Intelligence. She has shown projects developed on Artificial intelligence. Last minutes question and answer session was conducted. The vote of thanks was given by Gurleen Kaur to the guest speaker. The main aim of the seminar was to encourage students to increase their knowledge about booming languages.

The event was observed by all the professor of IT and CS department . The webinar was managed under the supervision of our principal sir **DR. Sanjay Mishra**. Overall the webinar was a great learning experience for all students.

- Helped students to know about recent technologies and live projects.

Feedback Analysis

In this situation of a global health crisis, the virtual system of learning has proved its merits. As the technology advances, this system is here to stay. But, accepting the virtual method doesn't mean rejecting the traditional classroom pedagogy. The convenience and low-cost model of virtual learning.

The virtual learning and classroom lessons have their own importance. In these times of pandemic, virtual learning is more important so that the education of students is not hindered.. They are able to learn new skills and upgrading themselves. Thus, both forms of teachings have their own place.
