REPORT ON "DATA-DRIVEN BUSINESS TRANSFORMATION"

Topic: A Webinar: Data-Driven Business Transformation

Date: 22nd December 2023

Time: 09:00 a.m. to 11:00 a.m.

Venue: IT Lab – 401, 4th floor, New Building

Mode: Online

Speaker: Mr. Amit Choudhary, Associate Director - Transformation Analytics, KPMG in India

Total Participants:

Introduction

The Shree L.R. Tiwari Degree College of Arts, Commerce, and Science organized an enlightening webinar on "Data-Driven Business Transformation" for B.Sc. Data Science students. The session was led by Amit Choudhary, Associate Director of Transformation Analytics at KPMG in India. The objective of the webinar was to provide insights into the pivotal role of data analytics in transforming businesses and enhancing decision-making processes.

Objectives

1. To understand the significance of data analytics in modern business environments.
2. To explore various strategies for implementing data-driven business transformation.
3. To gain insights into real-world applications and case studies of data analytics in businesses.
4. To learn about the challenges and opportunities in the field of transformation analytics.

Webinar Overview

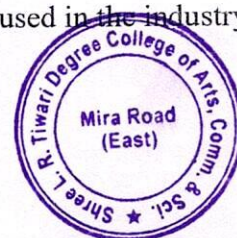

The webinar commenced with a brief introduction of the speaker by Mrs. Parita Mehta, followed by a deep dive into the world of data analytics. Amit Choudhary discussed the following key topics:

1. Understanding Data-Driven Business Transformation

- Definition and importance of data-driven business transformation.
- The role of data in enhancing business decision-making and strategy formulation.
- Key components of a successful data-driven transformation strategy.

2. Data Analytics Tools and Techniques

- Overview of popular data analytics tools and technologies used in the industry.
- Techniques for data collection, processing, and analysis.

- The importance of data visualization in interpreting and communicating data insights.

3. Case Studies and Real-World Applications

- Examples of successful data-driven transformations in various industries.
- Discussion on how companies leverage data to improve operational efficiency and customer experience.
- Lessons learned from real-world case studies.

4. Challenges and Opportunities

- Common challenges faced by businesses in implementing data-driven strategies.
- Opportunities for data scientists in the field of transformation analytics.
- Future trends and innovations in data analytics.

The webinar included an interactive Q&A session, where students had the opportunity to engage directly with Amit Choudhary. Participants raised insightful questions about the practical aspects of data analytics, career opportunities, and the evolving landscape of data-driven business strategies.

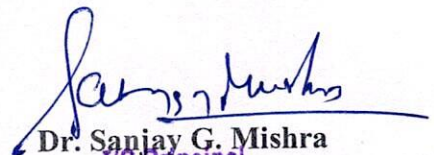

Conclusion

The webinar on Data-Driven Business Transformation provided valuable insights into the transformative power of data analytics in today's business world. Amit Choudhary's expertise and real-world examples offered students a comprehensive understanding of how data can be leveraged to drive innovation and efficiency. The session was well-received by participants, who expressed their appreciation for the knowledge shared and the opportunity to interact with an industry expert.

We extend our gratitude to Mr. Amit Choudhary for sharing his expertise and to all participants for their active involvement. Special thanks to the organizing committee and the technical team for ensuring the seamless execution of the webinar.
