Date: 09<sup>th</sup> September 2024

## NOTICE

### “Jobs and Current Market Trends in the Data Science Field”

The Department of **B.Sc. Data Science**, in association with **Edept – Industry Partner**, is pleased to announce a seminar on the topic:

**Seminar Date:** 14<sup>th</sup> September 2024

**Time:** 11:00 a.m. to 12:30 p.m.

**Venue:** College Seminar Hall

**Resource Person:** Mr. Wahid Syed, Founder, CEO & CTO, CYNTHI'ANS for Knowledge

### Objective of the Seminar:

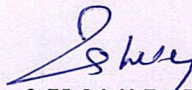

To provide students with a comprehensive understanding of the evolving job market in data science, including the most recent trends, technologies, and professional skills required to succeed in this dynamic industry.

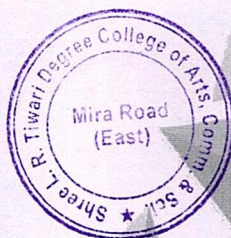

### Expected Outcomes:

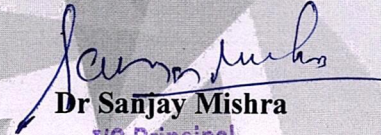

- Awareness of the current and emerging trends in the data science field
- Understanding of key job roles and required competencies
- Insights into how AI, machine learning, and big data are reshaping the job landscape
- Practical advice on preparing for industry roles and internships

### Program Outcomes of the Session:

- Students will develop an informed perspective on their career pathways in data science.
- They will be equipped with knowledge to align academic learning with industry expectations.
- The session will motivate students to pursue skill development in key technological domains such as AI, data analytics, and programming.

## Report

### “Jobs and Current Market Trends in the Data Science Field”

**Title:** Jobs and Current Market Trends in the Data Science Field

**Date:** 14th September 2024

**Time:** 11:00 a.m. – 12:30 p.m.

**Venue:** College Seminar Hall, Shree L. R. Tiwari Degree College of Arts, Commerce and Science

**Organized by:** Department of B.Sc. (Data Science) in association with *Edept* – Industry Partner

**Target Audience:** B.Sc. Data Science Students

#### Objective of the Event:

The seminar aimed to provide students with an in-depth understanding of the evolving job market in the data science field. It focused on equipping students with knowledge about current industry trends, essential skills, and career opportunities in data science, AI, and related technologies.

#### Key Highlights:

##### Opening Address:

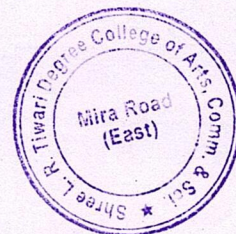

The seminar commenced with a brief introduction by faculty members from the Department of B.Sc. Data Science, who welcomed the guest speaker and set the context for the session. They emphasized the growing importance of data-driven decision-making across industries and the relevance of this seminar for students aspiring to enter the field.

##### Core Session by Mr. Wahid Syed:

Mr. Wahid Syed, Founder, CEO & CTO of *CYNTHI'ANS for Knowledge*, delivered an insightful presentation that covered the following key aspects:

- Current job roles and career paths in data science
- In-demand technologies such as AI, Machine Learning, and Big Data
- Industry-specific applications of data science
- Skills and tools expected by employers in 2024 and beyond
- Future prospects and emerging trends shaping the job market

Mr. Syed shared real-world examples and industry insights, offering students a practical perspective on how to align their learning with market needs.

# SHREE L. R. TIWARI DEGREE COLLEGE

(Arts | Commerce | Science) UGC Recognition under sec 2(f) of the UGC Act 1956 | Approved by Government of Maharashtra | NAAC Accredited with Grade 'A' (1st Cycle) | Affiliated to University of Mumbai | College Code - 1064 | ISO Certified 9001:2015 | Hindi Linguistic Minority institution

## Student Engagement:

The session was interactive and engaging. Students showed keen interest by asking questions related to career planning, industry certifications, and project-building strategies. The open discussion helped clarify doubts and provided actionable guidance on how to prepare for a successful career in data science.

Students described the seminar as highly informative and motivating, especially appreciating the clarity with which complex industry topics were explained.

## Outcome of the Event:

The seminar successfully enriched student awareness about the current and future landscape of the data science job market. It helped students understand how to enhance their employability by developing relevant skills and staying updated with technological advancements.

## Acknowledgment:

We extend our sincere gratitude to:

- **Mr. Wahid Syed**, for delivering a valuable and thought-provoking session
- **Edept – Industry Partner**, for their support and collaboration
- All student participants for their enthusiastic involvement
- Faculty and volunteers for ensuring smooth coordination of the event

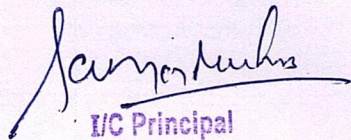

## Conclusion:

The seminar on **Jobs and Current Market Trends in the Data Science Field** served as an excellent knowledge-sharing platform and added substantial value to the students' academic and professional development. It was a significant step toward bridging the gap between academic learning and industry expectations.

## Feedback Report

### “Jobs and Current Market Trends in the Data Science Field”

**Title:** Jobs and Current Market Trends in the Data Science Field

**Date:** 14th September 2024

**Time:** 11:00 a.m. – 12:30 p.m.

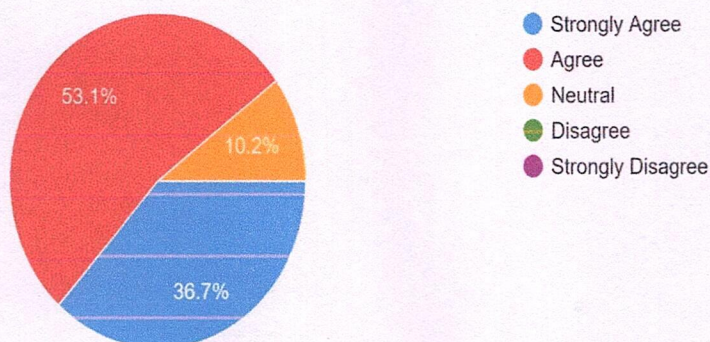

**Venue:** College Seminar Hall, Shree L. R. Tiwari Degree College of Arts, Commerce and Science

**Organized by:** Department of B.Sc. (Data Science) in association with Edept – Industry Partner

**Target Audience:** B.Sc.D.S. Students

#### Feedback Report:

The arrangement of the Orientation program was good  
49 responses

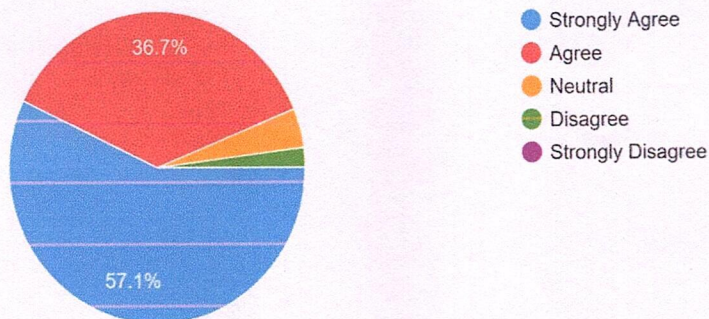

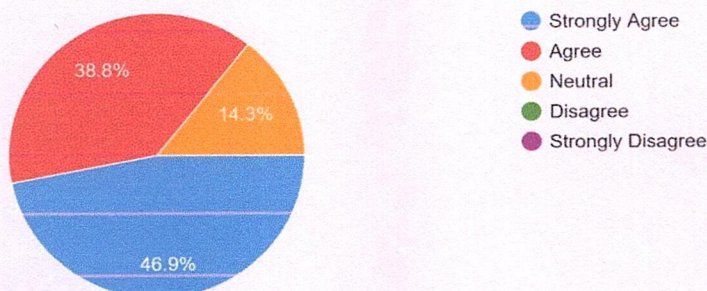

The topics covered were relevant to the title of Orientation.

49 responses

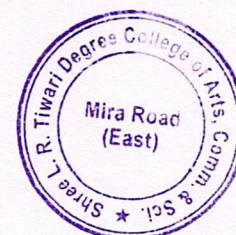

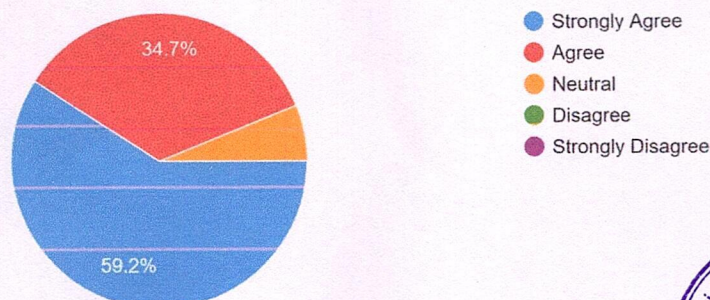

The time allotted for theseminar was sufficient

49 responses

The objectives of the session were Clearly identified

49 responses

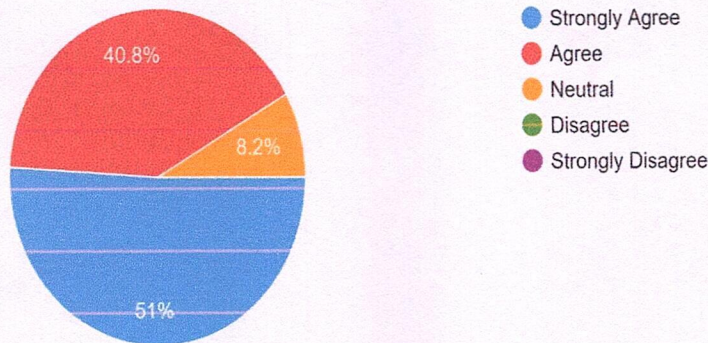

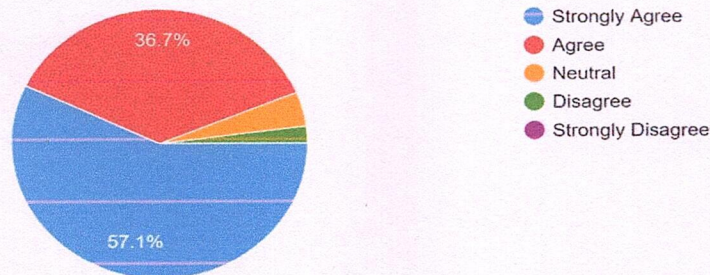

Interaction with resource person was encouraged

49 responses

Resource person was knowledgeable and well prepared.

49 responses

## Feedback Report:

The seminar received highly positive feedback from the attendees, particularly for its relevance, delivery, and interactive nature. Students appreciated the resource person, Mr. Wahid Syed, for his clear and insightful presentation on current market trends and career opportunities in the data science field.

## Summary of Student Feedback:

### • Content Relevance:

Students found the content extremely relevant to their academic and career aspirations. The session successfully connected classroom learning with real-world industry applications.

### • Presentation Style:

The speaker's delivery was appreciated for being engaging, motivational, and easy to understand. Concepts related to AI, machine learning, and industry tools were explained with practical examples, making the session interactive and informative.

### • Usefulness:

The majority of participants agreed that the seminar provided them with a clearer understanding of the skills needed to succeed in data science and helped reduce uncertainty around career options in this field.

### • Suggestions from Students:

Some students suggested organizing follow-up sessions focused on hands-on tools and project-building strategies. Others expressed interest in workshops or training programs led by industry experts.

## Quantitative Feedback Summary:

Criteria	Average Rating (out of 5)	Remarks
Relevance of Topic	4.8	Highly appreciated by students
Speaker's Presentation Skills	4.7	Clear and engaging
Usefulness of Content	4.6	Insightful and practical
Overall Session Experience	4.7	Well-received and motivating

## Conclusion:

The seminar "Jobs and Current Market Trends in the Data Science Field" proved to be an insightful and valuable session for the students of S.Y.B.Sc.D.S. and T.Y.B.Sc.D.S. The feedback reflects a strong interest in similar industry-oriented seminars and a desire to engage further with practical learning opportunities. Overall, the session significantly contributed to student development and industry awareness.

UGC Recognition under sec 2(f) of the UGC Act 1956 | Approved by Government of Maharashtra | NAAC Accredited with Grade 'A' (1st Cycle) |  
Affiliated to University of Mumbai | College Code - 1064 | ISO Certified 9001:2015 | Hindi Linguistic Minority institution

## Qualitative Feedback (Student Comments Overview)

### Positive Comments:

- "The seminar was very informative and helpful to understand industry expectations."
- "I gained clarity on what skills to focus on as a future data scientist."
- "It was a great experience to learn from an industry expert."
- "The examples given were real and easy to relate to."
- "Good knowledge and insights shared about future data trends."

### Suggestions for Improvement:

- "Could include live demos or short case studies."
- "More focus on tools and platforms currently used in the market would be beneficial."
- "Would love a hands-on or follow-up workshop on AI and ML."

### Key Takeaways:

- **Relevance & Clarity:** A vast majority of students agreed that the seminar objectives were clearly communicated and aligned with their academic goals.
- **Resource Person:** Mr. Wahid Syed was highly praised for his subject expertise and ability to relate to student queries.
- **Engagement:** Although the seminar was interactive, students expressed interest in more practical or demo-based learning during future sessions.
- **Timing:** While the session length was generally acceptable, some students suggested extending time for Q&A or detailed examples.

### Recommendations for Future Sessions:

1. **Enhance Interactivity:** Include polls, live industry case walkthroughs, or real-time Q&A.
2. **Incorporate Demonstrations:** Small tool-based demos (e.g., Jupyter Notebooks, data dashboards).
3. **Time for Discussion:** Allocate more time for audience questions and follow-up.
4. **Supplemental Resources:** Share takeaway slides, reading lists, or mini projects.
