Report on Add on Course on Green and AI Skills.

Date: 7th July – 12th July 2025

Venue: Shree L. R. Tiwari Degree College

Organized by: Shell & Edunet Foundation

Target Group: All second year students of B.Sc CS, IT and DS Department

Number of Participants: Male : Female:

Trainers

The sessions were conducted by our esteemed trainers from Edunet

Mr. Sandeep Gupta

Mr. Chaitanya Sathe

The department of B.Sc. IT, B.Sc.CS. and B.Sc. DS organized 6 days 30 hours add on course in collaboration with IIC of Shree L.R. Tiwari degree college this initiative is taken under the MOU with edept company which emphasizes industry-aligned curricula, live projects and internships, mentorship from real-world experts, and global exposure through international immersion opportunities for the students

The topic was **Green AI and Skill**, Green AI refers to the development and use of artificial intelligence technologies that are environmentally sustainable, energy-efficient, and ethically responsible. As AI systems grow more complex, they often require significant computing power, which can contribute to high energy consumption and carbon emissions. Green AI emphasizes designing algorithms, models, and infrastructures that reduce environmental impact while maintaining performance. To support this shift, there is a growing need for skills in energy-efficient coding, sustainable data management, AI ethics, and climate-focused innovation. Professionals must be trained to balance technological advancement with ecological responsibility, ensuring that future AI applications contribute positively to both society and the planet.

Objective

The program aimed to:

- Introduce students to the foundational concepts of **Artificial Intelligence (AI)**
