Introduction: The Women Development Cell (WDC), in collaboration with the Internal Complaints Committee (ICC) and the Internal Quality Assurance Cell (IQAC), organized an event titled "**Digital Danger: Online Crimes Against Women in India**". The program aimed to create awareness about digital threats faced by women and promote safe internet practices. With the rapid growth of digital platforms, issues such as cyberstalking, online harassment, identity theft, and cyberbullying have become major concerns in India.

Highlights of the Programme:

The session highlighted the increasing cases of cybercrimes against women, including cyberstalking, online harassment, and identity theft. Participants were educated about essential cyber safety practices and the importance of protecting personal information on digital platforms. The programme also emphasized legal provisions and encouraged students to report online crimes and practice responsible internet usage.

Objectives of the Programme

- To create awareness about online crimes and digital threats against women in the age of AI and social media.
- To educate participants about cyber safety practices and legal protections available against online harassment and exploitation.
- To encourage responsible and secure use of digital platforms among students.

Outcomes of the Programme

- Students gained awareness about various online crimes and digital threats faced by women.
- Students learned important cyber safety practices and responsible use of digital platforms.
- Students understood the procedures and platforms available for reporting cybercrimes.
