**Feedback Link, if any:** NIL

### **Introduction:**

The Department of B.Sc. CS, IT & DS in association with the Department of Lifelong Learning and Extension (DLLE) of Shree L. R. Tiwari Degree College of Arts, Commerce and Science organized a Social Outreach Programme for Senior Citizens on 12th, 13th, 19th and 20th December 2025 from 7:00 a.m. to 8:00 a.m. as part of the DLLE extension activity. The programme was conducted to create awareness among senior citizens about useful digital applications used in daily life.

### **Objectives:**

- To create awareness among senior citizens about the use of digital services in daily life.
- To help senior citizens understand online payment, delivery, transport, and medical applications.
- To develop social responsibility, communication skills, and community service attitude among students.

### **Report:**

During the Social Outreach Programme, students were divided into four teams, with six members in each team, and each team was assigned a different topic related to helping senior citizens understand useful digital services.

One team explained how to use digital payment applications such as Google Pay and Paytm for safe and easy money transactions. Another team demonstrated the use of online grocery delivery platforms like Zepto, Blinkit, and Dmart Ready to purchase daily household items. A different team explained how to use online food delivery applications such as Zomato and Swiggy to order food from nearby restaurants. The fourth team guided senior citizens on how to order medicines through pharmacy applications like PharmEasy, explaining how medicines can be purchased online safely.

During the activity, students used posters, charts, and simple explanations to make the topics easy to understand. Team members interacted with the senior citizens, answered their questions, and gave live demonstrations of how these applications work on mobile phones. Students also explained the advantages of digital services along with safety precautions to avoid fraud and misuse.

Throughout the outreach programme, students politely asked for permission before taking photos or videos for documentation. The senior citizens were very cooperative and showed great interest in learning these digital tools. The interaction was informative, and beneficial for both the students and the community.

## Outcomes:

- Senior citizens gained basic knowledge about useful digital applications.
- Students developed confidence, teamwork, and communication skills.
- The activity created awareness about safe use of online services.
- The outreach strengthened the bond between students and the community.

## Conclusion:

The Social Outreach Programme was successfully conducted and proved to be an informative, interactive, and meaningful experience. Such activities help students understand their social responsibility and encourage them to contribute positively to society.
